Portfolio

Adarsh013

EDUCATION

- Birla Institute of Technology, Mesra** 2025-27
Master of Computer Application(M.C.A.) Current CGPA: 8.70
- St. Xavier's College of Management & Technology, Patna** 2022-25
Bachelor of Computer Application(B.C.A.) CGPA: 9.14

EXPERIENCE

- Bharat Intern** September 2023 - October 2023
 - Collaborated with a dynamic team at Bharat Intern to enhance my skills in web development. Applied programming languages such as HTML, CSS, and JavaScript to deliver responsive and user-friendly websites. Learned and adapted to industry best practices in a virtual internship setting, fostering both individual and collaborative growth.

PERSONAL PROJECTS

- Audio Transcriber & Summarizer** July 2026
Language/Technology: React.js, Spring Boot, Spring AI, Groq Whisper API, Groq LLM, REST API
 - Developed an AI-powered web application that converts audio into text transcripts using Groq Whisper and generates concise AI-powered summaries. Built with React and Spring Boot, the application supports multiple audio formats and provides a responsive, user-friendly interface.
 - [Live Demo](#) | [GitHub](#)
- AI Assistant & Recipe Generator** May 2026
Language/Technology: React.js, Spring Boot, Spring AI, Groq AI
 - Developed an AI-powered web application that enables users to ask questions and generate personalized recipes through an interactive web interface. Implemented AI-powered responses and recipe generation with real-time processing.
 - [Live Demo](#) | [GitHub](#)
- Question Paper Generation System - AI-Powered (Academic Project)** Jan 2025- Mar 2025
Languages/Technologies: React.js, Python (Flask), Groq API, PostgreSQL, DOCX Generation
 - A web-based AI-driven system that automates generating structured question papers for any semester and subject. Faculty upload a topic-wise Excel file, and the system extracts data and uses GroqAI to generate categorized questions and multiple unique sets. Built with React and Python, it offers a clean interface with guided steps and delivers the final papers in downloadable .docx format.
 - [Live Demo](#) | [GitHub](#)
- Mobile Sales Analytics Dashboard – Power BI** December 2025
Language/Technology: Power BI, DAX, Power Query, Data Visualization
 - Built an interactive Power BI dashboard to analyze mobile sales across India, delivering insights on brand performance, city-wise revenue, monthly trends, customer ratings, and payment methods using dynamic KPIs, slicers, and drill-down visuals.

TECHNICAL SKILLS AND INTERESTS

Languages: Java, Python

Database: MySQL, PostgreSQL

GenAI: LangChain, Retrieval-Augmented Generation (RAG)

Data & BI Tools: Power BI, DAX, Power Query

Cloud: AWS

Frameworks & Technologies: HTML, CSS, Bootstrap, JavaScript, React, Spring Boot, REST APIs

Relevant Coursework: Data Structures & Algorithms, Database Management System, Operating Systems, Object Oriented Programming

Soft Skills: Self-learning Ability, Presentation, Adaptability, Communication, Teamwork

ACHIEVEMENTS AND CERTIFICATIONS

- Won multiple college-level coding competitions.
- Actively participated in debate and quiz competitions.
- Certification: Web Development Bootcamp – Udemy
